Phone: (304) 558-1382, Fax: (304) 558-1383

Licensed Respiratory Therapist Registered (LRTR) and Licensed Respiratory Therapist Certified (LRTC) Application

The application fee of \$200.00 must accompany the license application. Use Money Order, Certified Check or Personal Check made payable to the West Virginia Board of Respiratory Care as your method of payment. **Do not send cash.** If checks are returned by your institution your license to practice is automatically null and void.

Required Documents when Mailing Applications

To apply for a license, the applicant must complete the application for license and attach the following required documents:

- (1) **Notarized copy** of the certificate of completion (official transcript or diploma) of an approved respiratory care educational program.
- (2) **Notarized copy** of the original NBRC Credential Certificate or official "Statement of Credentials" from the NBRC direct to this board.
- (3) **Copy of Photo Government Issued ID** (passport or driver's license)
- (4) **Continuing Education Requirements:** *Not Applicable to New Graduates*

New Applicant: **

Please submit proof of five continuing education units with this application. An additional 15 continuing education units are required within 30 days of licensure. If you have not practiced in the preceding five (5) years, this board does require you to retake and pass the National Board of Respiratory Care examination.

Reinstatement: **

In addition to the requirements for a new applicant, if you are applying for reinstatement of an expired West Virginia license and you did not fulfill your continuing education requirement at the time of your license expiration, your previous continuing education requirement must be fulfilled and accompany this application.

Student Temporary Permit (STP) Application

Initial Student Temporary Permit fee is **\$75.00**. Use Money Order, Certified Check or Personal Check made payable to the West Virginia Board of Respiratory Care as your method of payment. **Do not send cash.** If checks are returned by your institution your Student Temporary Permit is automatically null and void.

Required Documents when Mailing Applications

To apply for a license, the applicant must complete the application for license and attach the following required documents:

- (1) **Transcript** indicating successful completion of a minimum of thirty semester hours or the quarter hour equivalent, eighteen of which must be specific to respiratory care core curriculum, and at least two hundred clinical hours.
- (2) **Employer's Statement Form**
- (3) **Educational Facility Affidavit**
- (4) **Copy of Photo Government Issued ID** (passport or driver's license)

Renewal: **

Upon expiration of the initial permit, the student may apply for renewal for up to six additional months by providing documentation from the program director stating the student is actively enrolled in at least nine semester hours and is making satisfactory progress in his or her respiratory care core curriculum and clinical rotations, and payment of a renewal fee (\$25) as prescribed by rule.

EMPLOYER'S STATEMENT

(For Student Temporary Permit Applicants Only)

We, the undersigned Human Resources Representative and Direct Supervisor, acknowledge that the following skills of _____ (Student Temporary Permit holder) must always be performed with and documented by a licensed Respiratory Therapist, while employed at _____ (Name of Facility).

- Initial setup and maintenance of invasive mechanical ventilation including all ventilator setting and circuit changes except for F102.
- Initial setup of non-invasive ventilation for acute condition including all non-invasive setting and circuit changes except for F102.
- Resecure or reposition of endotracheal or nasotracheal tube.
- Resecure or changing inner cannula of tracheostomy tube.
- Transport of patients receiving invasive mechanical ventilation.
- Transport of patients receiving non-invasive ventilation for acute condition.
- Endotracheal extubation.
- Intubation.
- Nasotracheal suctioning.
- Delivery of inhaled nitric oxide or heliox.
- Aerosolized medications via invasive mechanical ventilation.
- High risk delivery response.
- Arterial and Capillary Blood Gas puncture or sampling.

Further;

The holder of the Student Temporary Permit must work under the supervision of a licensed Respiratory Therapist. The licensed Respiratory Therapist must be present in the facility where the holder of the Student Temporary Permit is working. The licensed Respiratory Therapist must be available in the event of an emergent need and act as a resource for the holder of the Student Temporary Permit. Staffing ratios for Student Temporary Permit holders are one licensed Respiratory Therapist to one Student Temporary Permit holder per shift.

Procedures may be assigned to a Student Temporary Permit holder if the permit holder has demonstrated the completion and competence of such tasks in the documentation from the school facility and the employer. **Completed competency forms from the school and the employer shall be sent to the Board for review and approval.**

The Student Temporary Permit holder skills that must always be performed with and documented by a licensed Respiratory Therapist are as follows: A holder of the Student Temporary Permit may perform procedures on patients requiring mechanical ventilation, or on patients in critical care situations or environments, such as: emergency rooms, intensive care units, and post anesthesia care units. Procedures performed in these critical care areas must be performed with and documented by a licensed Respiratory Therapist.

The undersigned employer representatives acknowledge and agree to the procedures of the above named Student Temporary Permit holder.

Note: Please notify the WV Board of Respiratory Care (304-558-1382) should the Student Temporary Permit holder terminate employment while practicing under this permit.

EDUCATIONAL FACILITY AFFIDAVIT (For Student Temporary Permit Applicants Only)

I attest, by signature below, that _____, has completed their first year of the respiratory care program or a minimum of 30 semester hours or the quarter hour equivalent. 18 hours of the minimum 30 semester hours have been completed in core respiratory courses.

Further, this student has didactic proficiency and clinical competency in the following procedures and tasks.

- Set up and maintenance of low flow oxygen devices of 6 LPM or less to include nasal cannula or a simple mask.
- Set up and maintenance of aerosol devices with FiO₂ of equal to or less than 50%.
- Delivery of medications through a spontaneous small volume nebulizer.
- Medication delivery via Metered Dose Inhaler or Dry Powder Inhaler.
- Measurement of peak flow.
- Measurement of simple spirometry.
- Measurement of pulse oximetry.
- Use of the following airway clearance devices or techniques: therapy vest, chest physiotherapy, incentive spirometry, suctioning via artificial airway, and positive expiratory pressure therapies.
- Cardiopulmonary Resuscitation after Basic Life Support Certification.

Completed competency forms from the school and the employer shall be sent to the Board for review and approval.
